It's free! iOS & Web

Connect with your audience

"my followers love commenting on the movies and podcasts that I list and leave reviews for... I've definitely seen an uptick in follower engagement from my buzz profile"

Easily recommend new media content

with our iOS app, you're a tap away from sharing that new podcast you love, movie you watched, or song you're rocking out to

Monetize with the flip of a switch

you have the option of earning affiliate and/or ad revenue off of your media lists and recommendations

set up your buzz profile and easily link to it wherever you've built your audience
